DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

- Group A, claim(s) 1-12, 38-55, 62, 66-75, 77-79, 87, 98-111, drawn to a fluid handling device that flow control member being overmolded onto another member.
- Group B, claim(s) 13-37, 76, 80, 81, 98-92, drawn to a fluid handling device that has a biasing section and the outlet connected together.
- Group C, claim(s) 56-61, 63-65, 88, drawn to a needlefree access device comprising a resilient member having an elliptical top.
- Group D, claim(s) 82-86, 93-97, drawn to a needlefree access device having a central body with a helical shape..
- Group E, claim(s) 112-115, 122-124, drawn to a needlefree access device having a resilient member with an opening.
- Group F, claim(s) 116-117, drawn to a needlefree access device having a clear housing.
- Group G, claim(s) 118-121, drawn to a needlefree access device comprising a wiper seal.

2. The inventions listed as Groups A-G do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: each group is directed to a fluid handling part or needlefree access device that has a special resilient member, piston, or housing.
3. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to John K. Fristoe Jr. whose telephone number is (571) 272-4926. The examiner can normally be reached on Monday-Friday, 7: 00 a.m-4: 30 p.m.
